DECLARATION FOR SUBMITTED MANUSCRIPTS

Must be read and signed by all authors and be submitted together with the manuscript, faxed copies are possible.

Manuscript:

The authors of the publication declare:

1. The elaboration of the date and knowledge, the evaluation and the writing down are justified by the principles of good scientific practice, according to current regulations set down in the editorial guidelines of the German Journal of Sports Medicine. The guidelines for the authors and the editorial policies of the German Journal of Sports Medicine will be accepted by all authors without reservation in their current version published in the Internet.
2. All authors have read the manuscript completely and vouch for the correctness and completeness of the content for all parts of the manuscript and assume unlimited responsibility. The published results have been raised correctly and completely, no dishonest methods have been used and no plagiarism.
3. The general ethical principles of medical contact with patients and the right of information and self-determination of patients and experimental subjects have been observed (Declaration of Helsinki) as well as the principles for the ethical treatment of laboratory animals.
4. The Anti-Doping guidelines of the Deutsche Sportbund, the World-Anti-Doping-Agency (WADA) and the International Olympic Committee have been observed without any restrictions.
5. The manuscript or important parts of it are not published or submitted for publication in German language. Publications or submissions of the manuscript or important parts of it in international issues are completely added or cited. A copyright of the manuscript or parts of it does not exist. Licences for publication have been obtained by the author or the holder of the copyright.
6. In case of acceptance for publication all rights of publication of the manuscript will be transferred to the German Journal of Sports Medicine. This includes all rights as well on the printed version as for electronic publication.
7. For original submissions exceeding a limit of four printing pages and general submissions exceeding a limit of five printing pages a printing fee of 150,- € per additional page has to be paid.
8. All possibly arising financial interests and affairs like fees, patents or support of a study by a company have been stated clearly in the manuscript and announced to the editorial board.
